To Whom It May Concern:

We have been working with NOVMAR LTD KRAKOW for several years, starting working with Novmar on two agricultural complexes for Vinga, Romania. These are large complex projects that include manufacturing.

In Padures Novmar performed the erection of the grain system cleaners and other grain handling equipment plus they installed manufacturing facility. In addition to the grain and feed material installation, we had Novmar install a complete boiler system for presses. This project required a large amount of steel fabrication hours of welding for both structural and pipe installations.

We were so satisfied with their work, professionalism and time negotiated the second contract with them for the twin project in supervisors, erectors and welders are very high qualified and USA standards that we try so hard to provide our clients on an

We would highly recommend Novmar as a steel erection contractor, welding, equipment installation and process pipe for liquids, steam

Respectfully submitted,

Iberson International Inc.

Referenzschreiben

Sehr geehrter Herr Szczępanski,

unser Unternehmen arbeitet mit der Fa. Novmar seit mehreren Jahren im Bereich Montage von Stahlkonstruktionen sowie Dach- und Wandverkleidungen zusammen.

In den Jahren 2017/2018 haben wir gemeinsam folgende Projekte in Deutschland realisiert:

- BV 2419 Bootsteinstellhalle Opatowitz: Montage Stahlkonstruktion ca. 260 t; Verlegung Tragschale ca. 5.500 m²
- BV 2370 Neubau Schuppen 12 in Kiel: Montage Stahlkonstruktion ca. 260 t; Verlegung Dachtrapezbleche ca. 5.000 m²
- BV 2448 Lagerhalle Tulp in Vellmar: Montage Stahlkonstruktion ca. 130 t; Verlegung Tragschale ca. 3.000 m²
- BV 2336 M + R Fillemöbel in Wandlitz: Montage Stahlkonstruktion ca. 60 t; Verlegung Tragschale ca. 1.800 m²
- BV 2330 Leichtwerk II.BA in Braunschweig: Montage Stahlkonstruktion ca. 110 t

Auf der Grundlage der bisherigen Zusammenarbeit mit der Fa. Novmar können wir bestätigen, dass wir mit allen ausgeführten Arbeiten sehr zufrieden waren und die Fa. Novmar als zuverlässigen und kompetenten Partner weiterempfehlen können.

Mit freundlichen Grüßen

GERBA Industrie- und Hallenbau GmbH

# FIELDS OF ACTIVITY

Novmar is a widely known and recognized subject, specializing in various industrial fields like:

- Power engineering
- Cellulose and paper industry
- Aggregate and glass recycling industry
- Feed industry
- Steel constructions.

Our priorities are:

- High quality
- Punctuality
- Professionalism.

# FIELDS OF ACTIVITY

Novmar offers a comprehensive delivery and complete assembly services of:

- ▶ Power boilers, recovery boilers
- ▶ Pressure piping, process piping
- ▶ Ducts and supports

# FIELDS OF ACTIVITY

- ▶ Complete production lines for glass recycling, stone and sand processing
- ▶ Feed mills, steel silo, steel tanks, steel stacks
- ▶ Erection of water cooling installations and air installations
- ▶ Installation of steam exhaust ducts

# FIELDS OF ACTIVITY

- ▶ Delivery and erecting of steel structures
- ▶ Erection of ladders, gratings, crash barriers
- ▶ Fast repair works and maintenance  
(e.g. exchanging of the membrane walls on boilers)
- ▶ All kind of welding works.

# FIELDS OF ACTIVITY

- ▶ Heat treatment of welded joints
- ▶ Non destructive testing – VT, PT, MT, RT, UT hardness and coating thickness measurement.

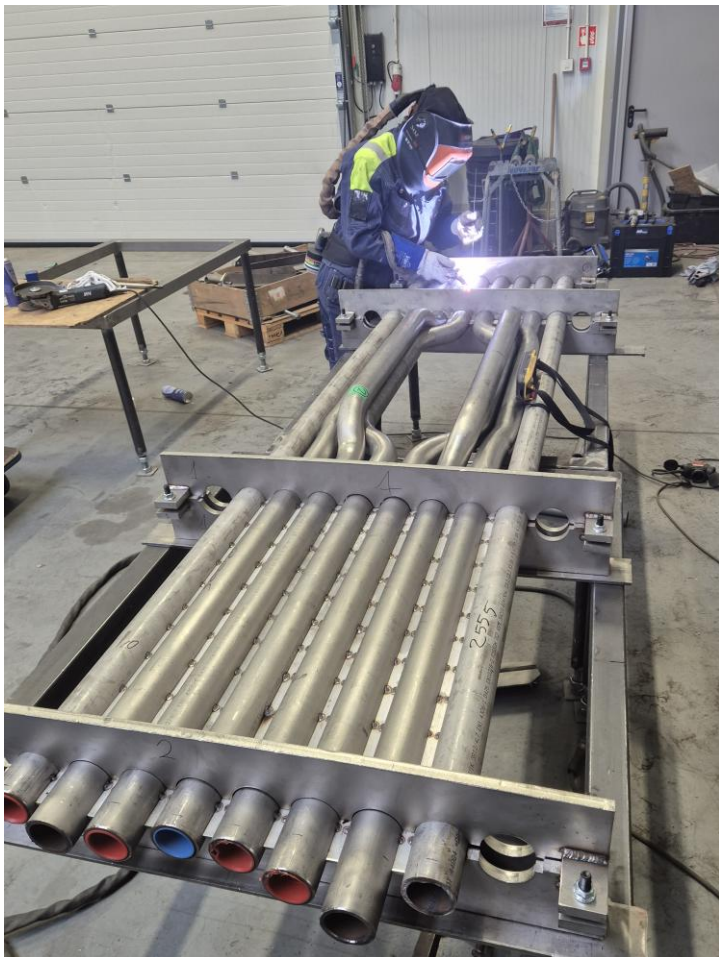

# NOVMAR'S PLANT IN BALICE

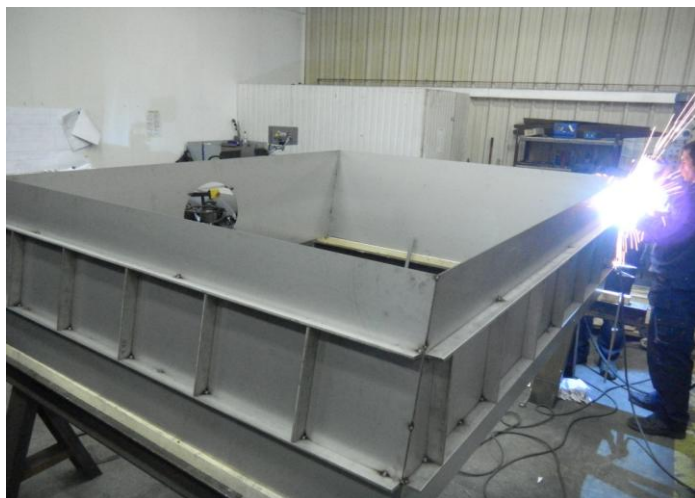

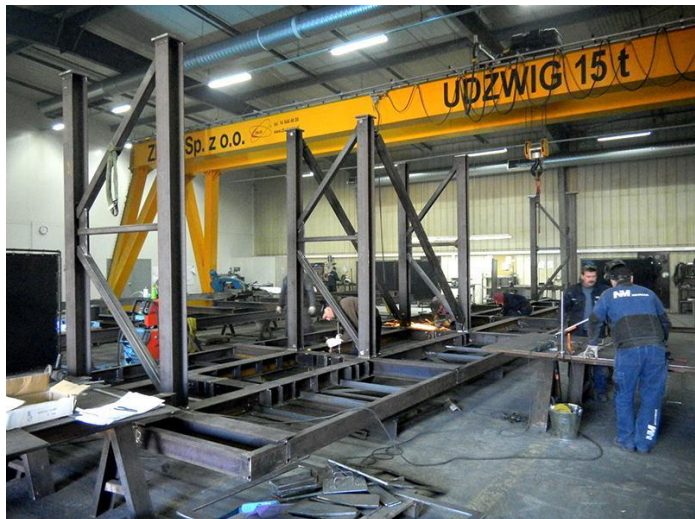

Novmar's plant is situated close to Cracow's ring road of the A4 motorway and the Cracow-Balice Airport. Thanks to such a location it has perfect logistic conditions, allowing swift and timely delivery of products to a chosen destination worldwide. Production plant is certified according to following standards: EN ISO 3834, EN 1090, UDT certification for manufacturing, modernization and repairs in energy section.

# NOVMAR'S PLANT IN BALICE

Our company specializes in different methods of welding black steel (10CrMo9-10, 13CrMo4-5), stainless steel (inox and duplex), aluminum, nickel alloys and compound materials (P265GH/SAN67). We also train and develop skills of our welders in Balice.

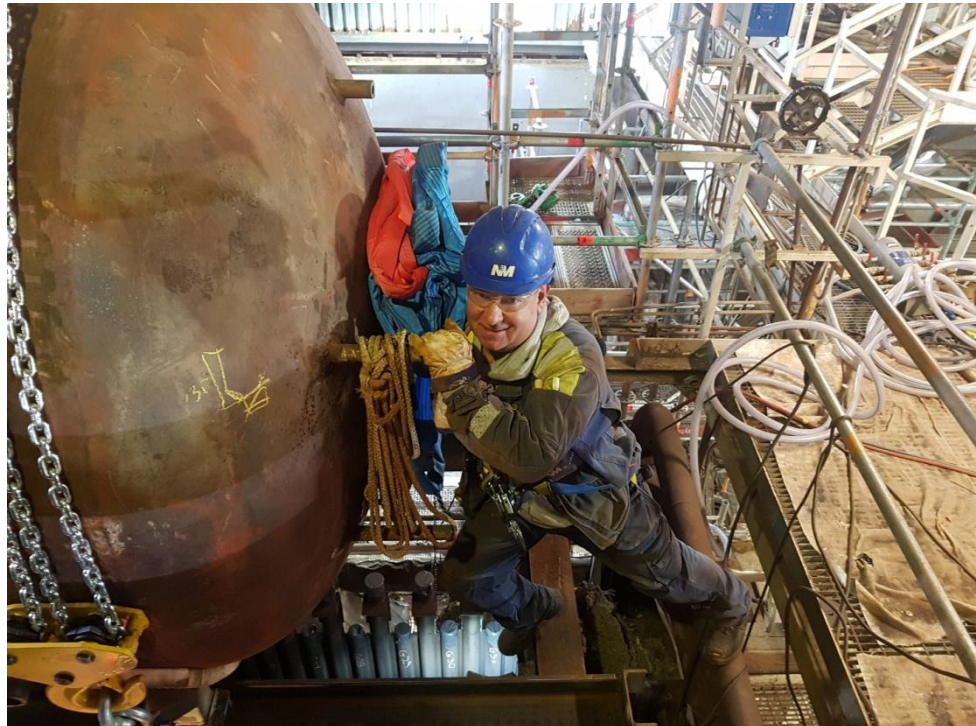

# NOVMAR'S PEOPLE

Novmar, a middle size company, manages at present a staff of 150 people. Among them there are highly qualified welders, fitters and engineers while some with a title of European Welding Engineer.

# NOVMAR'S PEOPLE

Novmar's employees are our most precious human capital, more precious than anything else. It is of a paramount importance that company's people are excellently prepared for their work and feeling responsible for the final results.

# NOVMAR'S PEOPLE

Determination and hard work of Novmar's employees form the driving force necessary for each project. NOVMAR team consists of workers with a vast experience, gained throughout the company's 3 decades of existence.

# NOVMAR'S PEOPLE

The company strives to consistently motivate employees to work efficiently, with great devotion, and this way binds them to their company. Easily noticeable are efforts undertaken to ensure, that the employees identification with the employer is high.

# NOVMAR'S PEOPLE

The owner of the company and the chairman, Wiesław Nowak, attaches great importance to the careful selection of employees, providing for them conditions to raise professional qualifications.

# COVID-19 MOMENTS

SARS Covid-19 pandemic forced the Company to take additional efforts to function, including medical testing and travelling arrangements. Novmar had to charter passenger planes on several occasions to transfer working teams to the site of work abroad.

*„In this world of business there is also time for something more...”*  
Wieslaw Nowak

It is worth mentioning that Novmar strives to maintain a balance between the requirements of intensive work with improving the qualifications of the staff as well as care for the spiritual development of the employees.

# CULTURE AND CHARITY

Our president, although an engineer and metallurgist, in his free time writes and publishes books, poems and memories. It is therefore a logical consequence that his company sponsors culture and art i.e.

- ▶ Bronislaw Chromy (famous Polish sculptor from Cracow) Gallery,
- ▶ Cracow's theater „Scena STU”,
- ▶ AGH – University of Science and Technology from Cracow – that Wieslaw Nowak graduated.

And what results from a high sensitivity to human harm and misery is the constant sponsorship of two orphanages Rajska and Źmiąca in Cracow. In 2017, our company organized for a group of orphan children a unique trip to Rome and Vatican.

# CULTURE AND CHARITY

Our president is a honorary member of CICIND - Industrial Chimneys Organization. The team from Novmar was the biggest national representation at the 90th CICIND conference in Graz, 2018.
